

Cholla District Weekly Update

On Thursday evening, the Glendale Planning Commission voted unanimously to approve the proposed Loop 101 Scenic Corridor in Glendale. The Glendale City Council is now scheduled to consider the same proposal at the February 23rd voting meeting. If approved by the City Council, the Loop 101 Scenic Corridor in Glendale will take effect 30 days following the Council's approval.

City Announcements

I am very pleased to report that the City of Glendale has issued a notice of intent to award a contract for the professional management of the city-owned Gila River Arena to AEG Facilities. A contract will be negotiated, based on the proposal submitted by AEG, which must be approved by the City Council at a regular voting meeting. It is anticipated that an agreement approved by the City Council will be reached in the next 60 days.

AEG Facilities, a stand-alone affiliate of AEG, is the world's largest owner of sports franchises, including the two-time Stanley Cup Champion Los Angeles

Dedicate A Tree

The City of Glendale Parks & Recreation Department offers you a very unique and thoughtful way to celebrate life and love while making an extremely meaningful contribution to your community. Through the city's "Dedicate-A-Tree" program, you have the opportunity to give a rare gift - one that lives and can be enjoyed for years to

Kings. AEG Facilities will add Gila River Arena to their list of elite venues including the Staple Center and the O2 Arena in London.

This is another step in supporting local businesses and protecting Glendale taxpayers, while working to establish a long-term lease with the Arizona Coyotes as the anchor tenant of Gila River Arena beyond the 2016-17 season.

Traffic Updates/Restrictions

67th Avenue and Deer Valley Road. The Water Services Department has begun making repairs to a water line in the intersection of 67th Ave and Deer Valley. This work is estimated to take about four weeks to complete.

The Water Services Department is nearing the completion of making repairs to a waterline in the 67th Avenue/Deer Valley intersection. The repair work is expected to be completed late next week. As a final component to the waterline repairs and the waterline improvements that were conducted last year, the 67th Avenue/Deer Valley Road intersection will have an overlay applied so that the intersection is left with a high quality, nice looking surface. This will reduce the impact to the intersection when Deer Valley Road, from 67th to 75th Avenues, overlay occurs next year.

Crews will mill (remove asphalt) and pave the intersection in mid February. Following paving, crews will adjust utilities to make them flush with the new asphalt surface, replace the traffic loops in the intersection, and stripe the intersection. Traffic control will be adjusted various times during the milling and paving activities, so please drive with caution through the intersection. Work should be completed and traffic control removed before by the end of February.

Bulk Trash Collection Survey Results

Thank you for participating in the Cholla District Bulk Trash Collection Survey. Nearly 500 residents submitted input with 86 percent saying they use the service on a monthly, every other month, or quarterly basis. I have shared the results of this survey, along with your comments and suggestions, to the Sanitation and Code Divisions for considerations on how to improve this service.

Bulk Trash Collection Schedule and Information

A large majority of respondents from the survey believed that the city should better educate the residents on the service dates, rules, and regulations. Please feel free to distribute or forward the following information to your friends, neighbors, or community leaders.

[City of Glendale Bulk Trash Collection Home Page](#)

The next scheduled bulk trash collection for the Cholla District is scheduled for the week of March 7. Please do not place your bulk trash in front of your property prior to 6 a.m., March 3.
